TV Quick Quotes

Q. Jordan, a final round of 66 to close out your week. How would you assess the overall round today?

JORDAN SPIETH: Today was good. It was close. I had a couple eagle looks that kind of caught lips and really had a chance to be a special day. Just was a yard off on a couple irons.

All in all, today was about going out and trying to fire away early and try to post a really low number. It was all there. It was just a little bit here and there.

Q. We saw a lot from your putting this week. You told me earlier this week that you found something on the practice putting green. How much did that contribute to the success we saw from you this week?

JORDAN SPIETH: It was big. Second round on, I felt like I hit my lines really well. Yesterday I didn't make much, but I was still hitting good putts. Today was kind of a mixed bag.

I felt like I had a hard time this week adjusting from last week on the speed. There was a significant drop in the speed of these greens. I think that that -- had I hit a number of putts a little bit harder, I think a lot of guys who played last week would probably say the same thing.

But ultimately, I feel good about where it's at. I feel good about where my game's at. I just didn't get a lot to show for it. I'm going to stay patient and stay the course.
