Quick Quotes

Q. Third round in the 60s. Can you talk a little bit about today's round and how you feel you did.

EMILIANO GRILLO: Considering how I hit it off the tee, I did great. I had to play defense all day. It was just a slow round. I did the best I could. Just playing defense all day doesn't help out here.

Q. Which club was giving you the most success today? What do you think?

EMILIANO GRILLO: I don't think I can answer that. I just wasn't playing from the fairway.

Q. You've been to the Playoffs a handful of times. Can you talk about your mentality this week and your goals for BMW and looking into Atlanta?

EMILIANO GRILLO: Same goal as every year, try to make it to Atlanta, win this week or next week, or both, who knows. The goal doesn't change.

Beginning of the year you set your goals. Everyone has the same ones. Tee it up and win and get to Atlanta.
