Quick Quotes

**Q. Strong finish to the week, a good week for you.
Just talk about the week as a whole.**

SI WOO KIM: Yeah, it was -- I think I played great. The first day was a little struggle and a little frustrated. Then after the first day, everything feels better. Weekend I played good. Really solid round. No bogeys on the weekend. So just helps me keep in the top 10.

Yeah, it was a good week. It was a tough week and hottest week in my life.

Q. How much momentum do you feel like you're carrying into St. Louis next week?

SI WOO KIM: Yeah, it's great to start the playoff, I think. This is a lot -- I mean, next two weeks going to be like tough week, but it's going to be great confidence for me this week, especially I finish like second or third, like helps me a lot going on and helps me with a lot of confidence the next two weeks.

Yeah, just excited for the next two weeks.

Q. Obviously the mentality is to always go out there and win a golf tournament, but when does the reality set in when you're walking up 18 and you get to meet those patients and acknowledge kind of what this tournament really means?

SI WOO KIM: Yeah, I wanted to win so bad, but Scottie played so good. I still played, still tried my hardest. The thing is I played great and Scottie played great too. So I tried my best.
