Quick Quotes

Q. Good can you just talk me through how playing with the Spieths was, and also they were really complimentary about your swing and Jordan saying "Shawn, swing it like Nelly," what was that experience like?

NELLY KORDA: It was so much fun honestly. Not only were they really nice to play with but they are really genuinely nice people.

So my dad and I really enjoy playing with them, and Jordan definitely has two really big fans now.

Q. What what's your favorite thing about this tournament?

NELLY KORDA: I think honestly my favorite thing about this tournament is the fact that it's such a blend of everything. I mean, you have the legends, you have the current and then you have the really young players.

I think it's such a great and special event that kind of ties it all together, and then obviously to top it off, like getting to create memories with your family is on a stage like this is always special.

Q. It must feel amazing to be the current LPGA star in this field. Would you like to see more women in the field in the future?

NELLY KORDA: I mean, we'll see. I think it's trending correctly. I think it's not up to me. I think it's really nice to see more women in every -- even in the tournament I played in last week, I think it's really good for the game of golf, and hopefully we keep trending in a positive direction.
