Hamilton Golf and Country Club

## Tom Kim

### Quick Quotes

#### Q. What was going well for you out there today?

TOM KIM: Obviously made a few more putts. I think I probably made a few good putts coming in. I rode the momentum really well. I had a few good par saves. I think that's what, obviously that's what keeps the momentum going. I think overall it was really solid today and a lot of key saves coming in.

#### Q. The back nine, a bunch of birdies on the back nine. Is that stretch of holes a place where you could keep that momentum going?

TOM KIM: Yeah, definitely, but at the same time you just got to hit the fairways here, because they're so critical. I think once you hit fairways you definitely have a lot of chances coming in. I tried to just go off the tee and really plan my score from the tee really where my ball is after that.

#### Q. Seems like there's a lot of lower scores out today than there was Thursday or Friday. Why do you think that is, just in general for the field?

TOM KIM: I would say the morning and afternoon wave was a big difference. It was a two-shot wave. I think for me personally, I finally played where it wasn't really that windy, at the same time it was really warm. On Thursday morning it was very cold and very windy. I think that's what, for me, that's what definitely helped, like the conditions-wise, it was very gettable and I took advantage of it.

#### Q. What adjustments if any do you have to make tomorrow to continue moving up the leaderboard?

TOM KIM: Not going to really try to change much. My game plan's been pretty solid. I've been playing well coming in. So kind of try to do the same things.

#### Q. What was it like playing with Rory?

TOM KIM: It's fun, as usual. I've gotten to play, we played

a lot in the recent few years, and it's always fun to, with him, when we play. I've always enjoyed it.

#### Q. Seems like you guys were chatting a bit. What were a couple things you guys were chatting about?

TOM KIM: I got to keep that between us.
