**Q. Excellent round of golf for you there. It looked like hitting it closer resulted in the putter working well for you today.**

JAKE KNAPP: For sure. I felt like I was hitting it well pretty much all day and was able to get some putts to fall on my back nine there.

**Q. Was there anything that you worked on? Not to bring up two missed cuts in a row, but that's what your previous starts were. Anything you worked on in between?**

JAKE KNAPP: Nothing too crazy, just simple stuff. Some wedge stuff and trying to hit it a little more solid. I feel like I've been kind of struggling with the putter for a month or two. So, yeah, focused a little bit on that. Overall, just touched a little bit of everything.

**Q. New golf course here for the Canadian Open. How did it fit your eye?**

JAKE KNAPP: It was great. I was actually here in 2019 for a Canadian Tour event. So I'm pretty familiar. That probably helped a bit in terms of what to expect. But it's been redone a little bit, and it's playing a lot longer now.

It fits my eye well. I feel like, if you can drive it well, you can give yourself good opportunities.

**Q. I've talked hockey in the past. So now we've got to talk Stanley Cup. Did you watch Game 1 last night?**

JAKE KNAPP: I watched about four minutes into overtime, and I kind of had to go to bed. I was excited to see the Oilers win. I want to see McDavid get his.

**Q. He's impressive, isn't he?**

JAKE KNAPP: 100 percent. It's a fun team to watch. Plus you've got Corey Perry on there, who was a Duck previously. So cheering on Corey.
