

# Black Desert Championship

Sunday, October 13, 2024

Ivins, Utah, USA

## Lucas Glover

### Quick Quotes

**Q. Bogey-free; 9-under; tied for the round of the day. How did it go out there?**

LUCAS GLOVER: It was good. Played the exact same on the back as I did the front. Just made some putts on the front; didn't make much on the back. Didn't read the greens as well. Struggled with that all week. I think anybody honest would say the same thing.

Maybe other than the leaders. Yeah, struggled all week reading them. Read them great on the front today and struggled a bit on the back.

No complaints after that round, other than just didn't make much on the back.

**Q. What sticks out more, the ones that fell in or the ones that maybe came up a little short?**

LUCAS GLOVER: It's hard to say, because if I putted like that the first three days I probably would've been playing a lot later today and been in a whole different position.

So, yeah, just if I'd have putted better the first three days I would've been right there. I played identical as today; just made some putts.

**Q. As it has all week, wind is picking up for the afternoon. What are we seeing out there for this final round?**

LUCAS GLOVER: More birdies. Yeah, I'll be in my gym clothes here pretty soon.

**Q. You notice the greens firming up as the week has gone on?**

LUCAS GLOVER: Yeah, they're interesting. They have a bit of grain to them, believe it or not. Into the grain are still stopping, but downgrain ones, downwind or whatnot, are bouncing pretty good.

**Q. First time here to Black Desert, as everybody it. How would you describe the golf course? What does it demand of you to play well?**

# BLACK DESERT

## CHAMPIONSHIP

LUCAS GLOVER: Yeah, you get plenty of room on the tee balls but you better hit in the green stuff. Other than that you're re-teeing most likely.

It's forgiving. If you miss it's bad. Obviously. Really fun course to play. Ball goes forever and all the par-5s are gettable. Great mix of par-3s. Typical Weiskopf design, great mix of threes, fun, drivable hole on each side. Yeah, it's fun. Fun course.

**Q. For those of us in Utah excited to have the TOUR back here, what would you say to those that didn't show up that may be considering it next time?**

LUCAS GLOVER: I don't know. I'm not in control of anybody else's schedule. It's fun, fun place to play. Resort is fantastic. Yeah, great spot.

**Q. Just wanted to ask you, how does this help you out this fall, this high finish like this?**

LUCAS GLOVER: I don't know. I still don't know how any of this works. I'm here because I didn't play good the regular part of the year. I think I got three or four weeks off now and show back up in Bermuda.

All the math and -- I don't know, you need a Nobel math scholar to figure it out all.

Just trying to play well.

**Q. How is the game looking? How is the game trending? Are you happy with it?**

LUCAS GLOVER: Yeah, good. Really good. Happy with what I worked on since Greensboro, or Napa, whatever. I don't know. Schedule is confusing to me, too. That's my own fault.

Yeah, been working hard; playing nice; lost a bunch of weight so trying to be better.
