Quick Quotes

Q. Thor, just some thoughts on the day overall.

THORBJØRN OLESEN: A little bit frustrated now I have to say coming in. Yeah, just that I couldn't do more out there was a little bit frustrating.

Yeah, hit some loose shots and didn't play quite as well as yesterday. Felt like I had chances; I just couldn't really get it going.

Q. What do you take away from this week? Tied for third right now. I know you're disappointed from today. As you look at the whole season, projected to move inside the top 100. What does that say as you go into the last few events of the fall?

THORBJØRN OLESEN: Yeah, I mean, obviously whatever it's going to be, Top 4, Top 3, that's obviously a good week, no doubt about it.

I just felt like over the last two days I felt like I could have done more. But after couple of days, yeah, I'm going to look back at this as a good week. I felt like I've done some good stuff with my golf game and that showed this week.

That was always nice and something I can hopefully build on going forward.
