Quick Quotes

Q. Trace, great week for you. You've got to be really pleased with the final outcome, top 3 finish. Job well done.

TRACE CROWE: Yeah, I appreciate it. It was a really solid week. Tee to green, struck it really nice. Had a few short ones today that just didn't go and could have been right there.

But the last few weeks have been really trending. Hitting it nice, and the putter is slowly getting there. Yeah, I'm just happy the way I hung in there today and at least had a chance for a while.

Q. 14, the short par-4, you almost drove the green. You roll it in for eagle from 40 feet. What were you thinking, like maybe that was my opening?

TRACE CROWE: Yeah, for sure, when that went in, I've been playing 15 through 18 great this week. I was like, all right, just do what we've been doing, should have a chance at it.

Bad swing on 17, short miss on 16, and there it goes. No, I'm really happy the way I hung in there. Just comfortable out there.

Q. Quite a few more events left in the fall. I know you'll be playing in most of them. Top 10 gets you in Bermuda. I'll see you in Bermuda, if you were planning on going.

TRACE CROWE: Yeah, I was planning on going either way. I was hurt, and I missed the first 11 events this year. Broke my wrist. So I'm playing everything until they say we can't play anymore.

Q. You climbed pretty close to the top 100 in FedExCup points. I know you're keeping a close eye on that. This week you made a nice little move.

TRACE CROWE: Yeah, for sure, that's the whole point. The whole point of playing this fall is we're going to try to

not have to use our medical next year and just try to earn it outright next fall. Keep doing what I've been doing, and I should be all right.

Q. I like the way you play. You play fast, decisive. Is everything working right now, or do you feel like there's one area you really need to tighten up?

TRACE CROWE: I've been driving it well all year. Irons are somewhat here and there. They've been nice the last few weeks. Just need to tighten that up and then just make the speed a little bit better inside 15 feet, and we'll be right there.

Q. You've got a great name for a country music singer, Trace Crowe. Can you play the guitar?

TRACE CROWE: Absolutely not.

Q. Can you sing?

TRACE CROWE: Absolutely not.

Q. The name's still good.

TRACE CROWE: I appreciate it.
