Quick Quotes

Q. With the guy who just gets more and more comfortable out on this golf course, Jason Caron, 10 1/2 points. Tell me about today.

JASON CARON: Listen, my warmup was not that great unfortunately, and I think that, when I got to the 1st tee, I just said, listen, trust your instincts. You're doing well. Things are starting to progress. Got up and smoked it right down the middle and kind of settled it down.

I played really, really well, made some birdies. Miguel had a couple of -- he hit them in there close on a couple holes, and I'm like come on, man.

No, I just fought really hard out there. Unfortunately, made a bogey on the last, but overall I'm just playing well. I feel comfortable. I really do. I had a good year, so I feel like I do belong, and I think I'm starting to believe it a little bit more.

Q. How important is that? It's one thing to say out loud, oh, I belong, but inside, to really feel it is a different thing.

JASON CARON: I'm not one to brag about what I've done or what's happened on the golf course.

Q. You're not a wide receiver?

JASON CARON: No. So I just let my clubs do the work, as they say. Deep down, I know I can do it. I'm starting to see that happen more and more. I think that's just more confidence, hopefully continuing to play great golf.

Q. When you look at the scoreboard and you see the Europeans, like you saw Jimenez making a run, what do you think to yourself now during the break before you go out this afternoon and see the deficit that

they're putting up?

JASON CARON: Listen, I know our guys can do it. We can play. I'm going to do what I can to contribute, which is to continue to play good golf.

I didn't get to see exactly what our guys did this morning. I know obviously the Europeans are making some putts. But you never know. We flip singles our way, and you just never know in this crazy game. We're going to continue to push hard and hopefully come out on top.
