

Cadillac Championship

Saturday, May 2, 2026

Miami, Florida, USA

Trump National Doral

Matt McCarty

Quick Quotes

CADILLAC
CHAMPIONSHIP

Q. How would you characterize the day?

MATT McCARTY: Well, kind of roller coaster early. Good. I played really solid. Hitting it great and just really kind of the only bad swing was like a kind of easier shot was on the last. Yeah, felt good about it. I think told myself coming into this week 2-, 3-under out here every day is pretty good. Managed to do that so far. Get in a good spot for tomorrow.

Q. What part of your game felt the best today?

MATT McCARTY: I think I'm just kind of manage the course pretty well. I think drove it better today, which was nice. Yeah, just kind of was able to kind of get aggressive when on some of those downwind holes when I could. I felt like made good committed swing out there all day.

Q. What does manage the course well to you?

MATT McCARTY: I think you just like get out of position out here and just try to kind of mitigate bogeys and stuff. You got to take some chances out here and playing a little bit aggressive on some shots early and being able to pull 'em off was nice. But, yeah, feel good about my game action I've been playing good the last few weeks. Still haven't kind of put that full 18 holes together, but trending in the right direction for sure.

Q. Tee times get moved up tomorrow because of weather. How could weather impact this golf course, and how you also might attack it with that being said?

MATT McCARTY: Yeah, I mean, definitely windier today. Played a lot tougher. I don't know, I think just kind of everybody's got to deal with it and just figure it out when you get on the hole. It's switch ago lot. It felt like we played 9 was downwind and then we hit 10 going back the other direction it kind of played downwind again. So it's just swirling and kind of waiting for your wind and waiting for that moment, I guess, yeah.

Q. Now that we're three days into the tournament how

do you feel about the course's condition so far and just the overall setup?

MATT McCARTY: Yeah, it's good. Definitely getting a little firmer. Fairways are running a lot which is nice for me because it's not playing as long as it did maybe Thursday. Course is great.
