### Quick Quotes

KEEGAN BRADLEY: I just had such a blast today. I really miss that. It's been 10 years since I've been able to do that.

What a match we played. We played unbelievably. They played great too.

**Q. You won't remember this, Wyndham, but I walked with you at Napa, you were a frustrated player leaving Silverado, and you played brilliantly today. What turned around for you?**

WYNDHAM CLARK: I used Napa as a warmup for this. It was good, I got the competitive juices flowing there, and I'm hitting it better.

I was really proud of myself because I kind of alleviated a lot of the stress off of Keegan. We hit a lot of greens, and we had two putts (indiscernible).

**Q. Do you know the results of the other matches, how you guys stand?**

KEEGAN BRADLEY: 5-0?

**Q. 5-0, you guys swept. Enjoy the night.**

**Q. Wyndham, I'll start with you. How would you describe that match today?**

WYNDHAM CLARK: A great one. Honestly, there was a ton of birdies. I felt like we played amazing golf, and they never went away. Hat's off to them. They played an amazing match.

Keegan and I made some awesome putts and just put some awesome pressure on them.

**Q. Keegan, it's been 10 years since last Cup play. What was it like out there and the emotions and everything?**

PRESIDENTS CUP™

KEEGAN BRADLEY: It was so unbelievable. I was telling Wyndham walking onto 17 or 18 how much I miss this. This was special, man. I don't take these weeks for granted anymore.

I'm kind of speechless. It was just amazing.

**Q. Wyndham, a sweep today for the Americans. What do you believe that the message will be from Captain Furyk tonight to keep the momentum going tomorrow?**

WYNDHAM CLARK: Yeah, for sure. I feel like we just have such a good team, and we've all been playing such great golf. We had really tough matches Monday, Tuesday, Wednesday against our guys that were grueling and a lot of stuff was on the line. I felt like it prepared us really good for this.

**Q. You just got that fifth point for the Americans. We'll get onto that in a moment. Keegan, this is your first time in 10 years you're back playing on one of these teams. You've never played with anyone besides Phil Mickelson. Can you describe the experience of being back playing and alongside Wyndham today?**

KEEGAN BRADLEY: It's just unbelievable. I told Wyndham walking up I just missed it so much. To be around the guys and see how into it they are and how much they love each other and just friends, it's inspiring for me.

**Q. Wyndham, you played in the Ryder Cup in Rome last year. This was your first Presidents Cup. What was it like for you today in what was a very tough fought match to ultimately get a clean sweep for the Americans?**

WYNDHAM CLARK: I will say, being not down 4-0 and being up 5-0 is really a huge relief. It's fun being here. It was amazing playing with Keegan. I've always looked up to him. I've watched him play actually at Medinah Ryder Cup when I was in college. So I've seen him play, and I know how much emotion and energy he brings. I'm just

glad we could get the point today.

**Q. Keegan, we know you're here 99 percent as a player this week, no longer with the assistant captain duties. How impressed have you been by what Furyk has done in terms of leading this team so far?**

KEEGAN BRADLEY: He's just done an unbelievable job. He's a guy I looked up to my whole life. To kind of watch the subtle things that he does and the pairings he put together and the matches we did before, the real matches, man, he's done just a great job in inspiring all of us.
