Q. There's been a lot of good golf played, but I don't know if anybody has brought as much electricity and the energy as you two. What's it like out there for you two?

SI WOO KIM: I know we had great chemistry at Charlotte and this week, so we're looking forward to play like last Charlotte. I remember we had a good memory, so yeah, I played good, and then what can I say, Tom?

Q. Tom, your putting has been unbelievable today. You read every putt together all day long. Was that the plan all along?

TOM KIM: Yeah, I mean, I think we read pretty close. We've done it in Charlotte, like Si Woo said. Our chemistry is really good, and we just bonded together. I feel like we're both comfortable, and when I make a mistake he's got my back, and when he makes a mistake I've got his back.

It was nice to kind of get things going, especially for the team. Good day for us today.

Q. Si Woo, how much fun was it today playing with Tom? You guys played extremely well.

SI WOO KIM: It's always fun to play with Tom. Luckily he's my teammate, so that's very lucky. Yeah, we played as a unit, so I think that's huge for us. He played so good.

Q. You played good, too, Tom. You had a lot of fun out there. You came through with some clutch plays today.

TOM KIM: Yeah, played nicely. It's nice to be able to make some putts for the team. Definitely there was a few moments where momentum definitely could have shifted, but hung tight and did really well.
