Q. Here with Si Woo and Tom, you guys have this unbelievable chemistry together. What was the key to your win out there today, Tom?

TOM KIM: We blend really well together. I think our games are very similar. I think for me, personally, I have a lot of comfort knowing that my partner Si Woo is going to hit the shots that he needs to. He hits it really straight.

I think for me personally having that comfortability knowing that my partner has got my back is a huge confidence booster. I think he feels the same way about me, and I think for the last couple days we've done a really good job.

Q. Si Woo, a great day for the internationals today. What will it be like in the team room tonight?

SI WOO KIM: I think it's going to be crazy, but last time at Presidents Cup we've done too much high tension, so we didn't really focus next day, so I'm just going to chill and then get rest and get the job done tomorrow.
