Q. With the winning duo right here. Adam Scott, you've been a part of a lot of these teams. It hasn't gone your way in the past, but you guys played a great match today. The International Team has a lot of momentum right now after a great day. Is this team different? Is this team a team that can get it done?

ADAM SCOTT: Well, I believe so, for sure, but there's a lot of golf left. Tomorrow is a big day. I think we had a similar situation two years ago in Canada. Hopefully we learned from that, and we can back a great day up tomorrow.

Q. Christiaan, they put you on this team because you're one of the great putters in the game. You proved it right here at 16. How is it playing with Adam, and how much pressure are you feeling to try to get the job done?

CHRISTIAAN BEZUIDENHOUT: Yeah, as you guys could tell, there was a lot of pressure on me today. I felt a lot of pressure. Thanks to Adam for just keeping me in the game today. I'm just really chuffed that I could make the putt for Adam and for the team today.
