TV Quick Quotes

Q. I know you guys would have wanted the full point, but a half is still adding to the tally. Jackson, you played incredible from that first hole when JT was out of it. It was more of a battle today. How was the experience for you?

JACKSON KOIVUN: It was so much fun out there. Really happy with the way I performed on the front nine, and obviously coming down the back nine finishing stretch was a little disappointing to hand away two holes, but at the end of the day, we got this afternoon to look forward to.

Q. Justin, this has been a new partnership. You've been pinned as the veteran with the rookie. Can you describe the relationship that you two have for us?

JUSTIN THOMAS: Yeah, it's a blast. I'm gutted. I just feel like I let him down today. I'm bummed, and I told him that, I'm sorry, not only for him, the team. I feel like, if I play and do some things I should have, we would have had a point there.

But yeah, it's nice, I guess, the last two things could have gone the opposite way. But I've really enjoyed battling with Jackson. He's going to be playing in these things for a long time. I'd definitely take him as a partner anytime you can get him.
