Q. You are often the heartbeat of the American team. You were sent out early for a reason. How pleased are you to get a point on the board?

JUSTIN THOMAS: Very pleased. Just wanted to go out and do my job and get a point. Finally won a singles match at a Presidents Cup. I was 0 for 3 going into today. It was nice because obviously we needed a great day today. Was glad to do that, and hopefully we can keep it going.
