Quick Quotes

Q. This is going to be an important point for your team. To get out there and have the lead that you did and feel like you were in control of this match, what was the mindset at the beginning of the day and carrying it all the way through?

SCOTTIE SCHEFFLER: Just going out and trying to do my best. I didn't think much beyond that. Just go out, get off to a good start, try to hit good shots. Did a good job of keeping the golf course in front of us today and made some putts when I needed to. Just played a really solid round of golf.

Q. Playing fair I think is a big part of it; walk me through 14 and the incredible display of sportsmanship there for you.

SCOTTIE SCHEFFLER: It's just ridiculous, somebody yelling in his swing off the tee. There's absolutely no place for that. You should get 30 seconds to a minute when you're over the ball or getting ready to hit your shot where there's some silence, and it's just frustrating.
