TV Quick Quotes

Q. Jackson, I spoke to Brandt Snedeker, and a lot of people questioned his pick of you. You were the only undefeated American player in your Presidents Cup debut. Describe what this week has been like for you.

JACKSON KOIVUN: It's just been such a cool learning experience. Being under Captain Snedeker and being around all these guys is so cool, and obviously to come out on top after a large deficit coming into today is just a feeling I can't explain.

Q. 21 years of age. You just left college earlier this year. You shook the President of the United States' hand on the first tee this morning. Could you ever have imagined you'd have been in this position this September?

JACKSON KOIVUN: I had some goals, but for it to come this quickly is definitely shocking, and I'm just thankful and grateful for the trust the captains put in me to put me out in three of the five matches.

Q. What will you take from this experience? What have you learnt from this team of veteran American players that you've been a part of?

JACKSON KOIVUN: Yeah, I think I'll just take a lot of knowledge that I can be out here and I can compete. It's just exciting being able to call these guys my friends, and now when I go to tournaments it's not like, oh, there's so and so. It's like, I was on a team with them and we won the Presidents Cup.
