Medinah Country Club

Jacob Bridgeman

Quick Quotes

Q. You've secured the Presidents Cup with a 1-up win on 18. Take me through that moment.

JACOB BRIDGEMAN: I felt like I've kind of struggled the whole week. I played great today, and I felt like I kind of had an opportunity there at the end. And I hit an amazing shot out of the rough there and got it up here, and I heard someone in the crowd say, you're the best putter in the world. I was standing over a four-footer and I'm like, this is cake. This is so easy. I'm just so proud I could put it away for the team.

Q. When you think about your season and imagining this Presidents Cup team, finishing it out, getting embraced on the 18th green, how real does this feel?

JACOB BRIDGEMAN: It's amazing. It's better than I could have imagined this week could have gone. It's just amazing.

Q. You think about your journey, getting here. There's so many people to thank. When you look back on everything in your golf career, getting to this point, what comes to mind?

JACOB BRIDGEMAN: Family, I think. A lot of them are here today, and they had a great time. I felt the energy out there even when there weren't very many people following on the front because they were focused on the front of the groups. My family was there cheering me on, and I think they brought it home for us.
