Friday Morning Foursomes

**Q. Obviously not the start that you would have hoped for. Did anything that happened this morning influence anything in regard to this afternoon's pairings?**

**PÁDRAIG HARRINGTON:** No, we had a plan, we stuck to the plan. I thought the players played well this morning. That's match play. We are hoping for a big afternoon. We definitely stuck with the plan.

**Q. How hard is this for you? You played six times and were an assistant captain three times. To be out here without a club in your hand and this much at stake?**

**PADRAIG HARRINGTON:** You do, you want to be involved in some way but I suppose you get your team ready and you have to let them go. They did play well today, so I'm not unhappy with that. They have done their job. It wasn't their morning. Let's hope it's their afternoon.
