Friday Morning Foursomes

**Q. You have to be very pleased with how the morning went from your vantage. What did you see and feel?**

**STEVE STRICKER:** Yeah, it what was finally good to get things going and to win the session 3-1 was obviously a good start. You know, we're trying to do that in every session, just win the session but when you can get off to that good a start, it's definitely a bonus and have momentum on our side.

**Q. Must feel good to have the rookies get points in the first match.**

**STEVE STRICKER:** Yeah, a few of the guys aren't really rookies though when it comes to team events. We've talked about that before. They have gotten some experience on Presidents Cup teams, so they are used to it. We get the opportunity to at the time some of the teams out in that Cup and they are proven, so why not keep with them.
