Tony Finau

Quick Quotes

Friday Afternoon Fourballs

HARRIS ENGLISH: Feels amazing. You want to do your job and get a point for the team, and I had a great time and partner with Tony. He played unbelievable golf today, and we kept the pressure on them and we both hit a lot of fairways, hit a lot of greens, and that was the recipe for today. It was getting tough, especially on the back nine. It was a lot of fun out there.

Q. What do you love about playing in The Ryder Cup?

TONY FINAU: Oh, man, you've just got to enjoy it. All these people out here cheering us on, that's the biggest thing. You have to enjoy it. I learned that in Paris, and the more you can just have fun with it, seems to keep you loose, and you know, I was able to roll the rock nicely today.

But I had a great partner in Harris. We picked each other up, and we were in play all day, so we put a lot of pressure on them to make birdies in these tough conditions, and yeah, it's just really fun to play alongside this guy and win a point.
