**Q. Just give me your thoughts on today's match.**

COLLIN MORIKAWA: You know, match play is all about not giving up holes, and we just gave up too many. We each had a few kind of poor shots and just weren't able to capitalise when we had our chances.

And that's match play. Giving away holes is the worst feeling, and we just did that too much. And we still came down all the way to 17, which, you know, we were fighting, but nothing was finding the hole. So it is what it is.
