MARCO SIMONE
ROME, ITALY

Q. First Ryder Cup, just what this experience meant to you, and then what the momentum from last night and today, guys playing well, really seem to come together, what that does as you guys continue to build off this young corps.

WYNDHAM CLARK: Yeah, you know, it's obviously my first Ryder Cup. It was pretty awesome. It's tough playing in this atmosphere, and the first two days, it really wasn't that -- weren't too many positives until obviously last night, which was huge.

And we felt that momentum going into today. And it's tough being in the anchor spot when we're so far behind, and then obviously coming up just short, it's tough to finish those last four holes when it doesn't mean much. But, yeah, it was a great first experience, obviously in a more hostile environment. And I'm hoping the next one I play in is at home and then we have all the momentum and fans on our side.

Q. Do you think the incentive you have, the motivation you have to get on the team, does it just go up that much more having played on one?

WYNDHAM CLARK: Yeah.

Q. Because I'm sure the guys talk about it, but to be here and to be in the room?

WYNDHAM CLARK: Yeah, I mean, for sure. I obviously want to be on these for a long time, and I think and hope I'm going to be. So, yeah, it definitely goes up.
