Q. What does it mean to play with Harris, what are you looking forward to most tomorrow?

COLLIN MORIKAWA: Honestly just playing with him. Going out there and proving what we've got and rallying up the American crowd. It's an opportunity and very grateful to play in front of the home crowd. We've got to do everything we can. We know we've got some strong opponents tomorrow but we know at our best, we're going to be able to do it.

Q. What are the keys to a successful foursome match tomorrow?

COLLIN MORIKAWA: I think just good flow starting off on that first tee. I think we're going to take a little bit of extra time just prepping, walking, heading up there and just remembering what everything is about and why we're here.
