

The Ryder Cup

Saturday, September 27, 2025

Farmingdale, New York, USA

Bethpage Black Course

Team Europe

Jon Rahm

Tyrrell Hatton

Quick Quotes

Q. Unbeaten in five matches together. Just describe the trust that you have got as a partnership when you are going into battle down the back nine like that.

TYRRELL HATTON: Well, he's certainly a good partner to play with. He pulls out some unbelievable shots at very special times. Yeah, he's an incredible player, and a good person to walk the fairways with.

Q. Speaking of miraculous shots, we've got to talk about that chip-in on 8, it was otherworldly for the mere mortals, talk us through that shot from your perspective.

JON RAHM: The only benefit to the whole situation is that they were off the green, as well. So I could afford to be aggressive and hopefully leave him a decent putt. I was honestly just trying to putt it on the green, right.

Hopefully hit it somewhere online, somewhere with the right distance, and it came out absolutely perfect. It's a bit of luck involved but at least the ball was lying well and got really decent contact on it.

Q. How good was that?

TYRRELL HATTON: Yeah, it feels amazing to win our point this morning. To against two incredible players. Yeah, I mean, ultimately, we've gone out there with a job to try and win a point for Europe. Just so happy that we are able to do that.

Q. How pumped were you when that chip went in on No. 8? That was electric.

JON RAHM: It was very exciting. You obviously don't want to get too high, right. We had not played our best golf on the hole before. Besides that going in, it wasn't looking too bright for us. We just squared the match -- they had

just squared the match. It was very nice.

But it's an incredible, incredible moment. But there's still so much golf ahead that I didn't let myself get too high.

Q. You're 6-0 in foursomes and you guys are undefeated. That's pretty nice to have under the belt, isn't it?

JON RAHM: Yeah. Yeah. I don't know what else to say. It's a joy to be able to play with them. We've shared the golf course for many, many holes, and it's absolutely incredible watching him play, and what he did on the greens today was nothing short of spectacular. At one point, we were basically out of the fairway and out of the green. We just somehow stayed in and stayed in and won some holes at the end.
