Q. Ben, you won your match today; can you give me a summary of your round out there this afternoon?

BEN GRIFFIN: Yeah, I got off to a great start, hit it close on the first, made a nice birdie on 3, tough par-3. Rasmus had a good look for eagle. I was kind of in trouble on 4, the par-5. I had a plugged lie in the front bunker. It was kind of back and forth for a lot of it.

I made a couple of long putts, which I was proud of myself, trying to spark the crowd a little bit, and kind of just stayed steady down the stretch. Not my best swing on 17 but a great two-putt and was happy to get a point on the board.

Q. This is your first Ryder Cup. What are some positive takeaways?

BEN GRIFFIN: Yeah, it was awesome getting to experience the crowds and get those feelings. It's something I've never really experienced before, playing your country on the line almost. It was an incredible experience, one I'll remember for the rest of my life.
