Q. How would you assess that?

JUSTIN HARDING: Good. Quite pleased, actually. Obviously got off to an early start and played solid. I mean, felt like I managed my game pretty well. Look, it wasn't short of a couple bad shots but I saved myself with the putter. The putter was solid, and yeah, I'm happy with it.

Q. Playing in those types of conditions, you don't normally get that in Scotland --

JUSTIN HARDING: Well, fortunately I skipped the Pro-Am and they had a bit of a rough day yesterday. Took advantage of it I suppose. But it is, it's one of those golf courses that I funny enough have played it terribly over the years. I don't think I've made a cut around here. So it seems to be getting progressively better and happy to have obviously kept a bogey off the card today. Yeah, see what happens tomorrow and see what tomorrow brings.
