Quick Quotes

Q. Terrific win, three birdies on the last five holes when the pressure was really on and closed out in style on the last, how big an adrenaline rush do you get?

MATT WALLACE: These matches are so hard, we have been playing great. We actually played really nice golf this week and we are 1 1/2 points to get a win for the golf we've been playing is probably the least we could have got. It's so nice and to do it alongside my mate. It's been really good.

Q. Starting off 6-under par through seven, but ended up losing the match, how did you bounce back this afternoon and move on?

CALLUM SHINKWIN: This morning, they just played better on the back nine at the end of the day, and nothing you can do about that. All you've got to do is just recover after your round and just go again.

Q. How much do you want to win this?

MATT WALLACE: So much. Sorry that was so short an answer.
