Quick Quotes

Q. A halve yesterday and two wins today. What makes this team unbeatable?

VICTOR PEREZ: I don't know. I think obviously great fortune, good play. It's never easy. I felt like we got off to a good start today, but you're expecting birdies and pars in foursomes against great players. We are fortunate to come out on top on 17.

Q. It sometimes takes players a while to get comfortable in this sort of environment, and you look as though you are absolutely loving it.

GUIDO MIGLIOZZI: I mean, I love it. It's good because we feel the pressure because it's not just us players on the course. It's the whole team. This final hole, every team was here watching us playing, and we felt crazy. It's something beautiful. A part of the fortune, we played solid and it's good to be here and play golf.

Q. You've won a couple of times and know what it's like to come down the stretch, but it's different when you're playing for your continent, isn't it?

VICTOR PEREZ: Yeah, I think it's just like you have the weight of the people, you have the weight of the team but on the back end you have the strength of the people and the strength of the team. You can take advantage and disadvantages from both sides and both scenarios. Today the advantages definitely outweigh the disadvantage.

Q. Your team has a two-point lead. How much are you looking forward to it?

GUIDO MIGLIOZZI: It's a tough day. Everybody is on the course and trying to win a point. Just can't wait to be back on the course.
