

TGL Presented By SoFi: Boston Common Golf vs New York Golf Club

Tuesday, February 24, 2026
Palm Beach Gardens, Florida, USA
SoFi Center

Boston Common Golf **Keegan Bradley**

Adam Scott

Hideki Matsuyama

Press Conference

Boston Common Golf 9, New York Golf Club 2

THE MODERATOR: We'd like to welcome Boston Common Golf here into the SoFi Media Center. Congratulations on the win tonight and for clinching a playoff spot. Can you talk a little bit about knowing that you guys have now clinched after a not-so-great season last season?

KEEGAN BRADLEY: Yeah, I think last season was really tough. This year we're just playing so much better. Our team, top to bottom, is just so strong. We came out today, this is as good of a match as I've been a part of from the first hole to the last hole. We were just really tough.

I think we've been putting the work in, and this means a lot to us. We want to go out there and win these matches, and we're showing that this year.

Q. Adam, 189 ball speed; is that stuff you've been working on in the off-season, equipment? This is your first time on the new green so just wanted to get your impressions of that.

ADAM SCOTT: Yeah, it seems I've gained a little bit of speed the last few weeks on TOUR. I delofted my driver by a degree and picked up some speed. Yeah, that's been working well, and it worked well tonight.

Yeah, I was a little shaky the first couple putts that mattered on the new green. It's a lot to get in your head, all the little bits. It's harder to read than a green outside. The light just is not that helpful for that in here.

But once I got one to go in, I felt a little more comfortable, calmed down, and yeah, the boys, we were rolling tonight.

Q. Hideki or Adam, your first time in here tonight. Season 2 there have been some very different style golf holes that force you to shape shots. What were your first impression of holes like Stinger or Caverns?

ADAM SCOTT: Yeah, I think this is what TGL should really lean into, these kind of peculiar golf holes compared to what we usually play outside. I think it's a lot of fun. I think you're going to get more variables happening with our shots, and it's demanding and kind of highlight our skills and open up the whole competition. I like it. Hopefully they continue to lean into it more and more.

HIDEKI MATSUYAMA: I was really pleased because I didn't win a match at all last year, and these two guys next to me really pulled us through today.

Q. For Adam, I noticed that last week at Riviera you put up your best putting performance since 2024 East Lake and you changed putters today; is that correct? Is there a reason for that?

ADAM SCOTT: I putted with that putter on Thursday at Riviera. I stopped putting with it because it actually is quite a fast putter, and I was thinking the green from last year was kind of slower. Then I actually got here and it was very fast, and I believe it was very fast last night. It might not have been the best decision to put that one in. But it worked. In the end, I got a couple to go.

Q. Did you notice it was slower tonight than last night?

KEEGAN BRADLEY: Yeah, it was slower than last night for sure, but still really fast. Faster than I think in a normal night we've been in here. Faster than that. Slower than last night. More manageable tonight, but still, you're over these putts from not that far away and you've got to be careful or you'll whack them six, seven feet by.
