## Jane Geddes

### Quick Quotes

#### **Q. Can you share with me a few of your favorite moments on the course this week?**

JANE GEDDES: You know, it was just so great to be back. It's like as the week went on, I had more and more memories kind of, and it's funny because I walked up on 18, and I had to make a putt just to make a par. I thought to myself, this place has been so great to me.

I had such a good feeling over the putt because of that. It's so random. But it's been so nice to be back and just be a part of it. Everyone has been so nice, and I just feel like I'm defending champion and I'm not. It's been fun.

#### **Q. What were maybe one or two of your favorite moments from this week from off the course?**

JANE GEDDES: Well, it was fun to speak with the players. I was hesitant at first, but it was fun. We all had so many great crazy memories from this week, so it was fun to remember those with everyone. And just coming to the course, and my picture was around, and inside the clubhouse. I really feel like I'm a part of NCR Golf Club, and that's been really fun for me, and I didn't expect it. I thought it would be fun, but I didn't really realize it would be like this, so that's been great.
