Meghan Stasi Dawn Woodard

Quick Quotes

Q. You guys finished with four birdies. Just talk through front nine, birdied 2 and 5. You took advantage of both par-5s on the front.

DAWN WOODARD: We just played solid, but you putted -- we've been putting well and nothing had dropped. Today yours --

MEGHAN STASI: Yeah, made a few shorter putts.

DAWN WOODARD: Had some shorter looks.

MEGHAN STASI: And we were both on the green so we had -- it was a little easier to --

DAWN WOODARD: We didn't wear each other out.

MEGHAN STASI: It's tolling when there's not two putts out of it, so today we had a lot of good chances for both of us.

Q. What happened on 13 and 14? I think you won both of those. I think you birdied 13.

DAWN WOODARD: That's your birdie.

MEGHAN STASI: 13, oh, just good solid 3-wood down the middle and knocked it about six, eight feet. Just had a good putt at it.

DAWN WOODARD: Made that one. We both missed the green on 14. That was just long into the wind. It's just tough. We both had par putts that were 20 feet.

MEGHAN STASI: And Dawn made hers. We both missed the green unfortunately.

DAWN WOODARD: Everybody missed the green, everyone chipped, and we had to putt first. We probably both had 20-footers, and I putted first and I made mine, and then they as a team they probably had a six-footer for

par or so.

MEGHAN STASI: Somewhere between 12 and 6.

DAWN WOODARD: Somewhere around in there, and they missed, so that put us up two, because before that every time we won a hole we seemed to lose the next, gave it right back.

MEGHAN STASI: Never down, but gave it right back.

DAWN WOODARD: Getting to 2-up was kind of big since we had been up until that point been giving it back.

Q. With the tee up on No. 3 was everyone going for the green?

DAWN WOODARD: We didn't.

MEGHAN STASI: No, I think -- I'm trying to think of --

DAWN WOODARD: They both hit driver, and they made birdie.

MEGHAN STASI: Yeah, they did. We had good chances, good chips, but they were a little closer than us.

Q. Seeing the course for the third time in competition now, did anything change?

DAWN WOODARD: No, you've just got to -- figuring out the wind, but it is drying out a little bit in places, so you've just got to --

MEGHAN STASI: Figure out how to hit a couple shots on a couple holes.

DAWN WOODARD: Just lines off of tees, just a few things that change a little each day because the wind is similar but it shifts just enough that it might bring something else into play.

MEGHAN STASI: And a yard or two makes a big difference.

DAWN WOODARD: Makes a big difference in a hard, tight fairway. It was just pretty solid.

MEGHAN STASI: It was a fun day. Girls were good.
