The Honors Course

Jasmine Koo

Quick Quotes

You know, I want to be in that situation, too.

FastScripts by ASAP Sports

Q. Here with Jasmine Koo. 3-under par 69 today. Obviously a little bit of a longer day.

JASMINE KOO: Uh-huh.

Q. And do you want to just talk about some of your mindset before the weather delay first.

JASMINE KOO: Honestly, I felt pretty good. My ball striking yesterday and today has been very good, so very minimal amount of stress out there.

I think once I hit a certain point I was like, okay, like the goal is to make the cut and I think I'm pretty safe in it. I don't want to say I got too comfortable, but I was pretty comfortable.

The weather delay happened and the only thing on my mind was like, okay, just hit the shots that you need to hit. Hit the fairways. Hit the greens. You don't need to stick it. Yeah.

Q. Did you have any thoughts during the weather delay or try not to think too much about the round?

JASMINE KOO: I mean, I had a lot of complaints in my head for sure, just like, man, I only have four holes left. I can go home.

But it was actually kind of nice going back out there. The weather cooled down and, yeah.

Q. And then just kind of looking at the leaderboard, safe to say you'll make it to match play. Are you excited to play this course under the match play conditions?

JASMINE KOO: Yeah. One of the girls I played with Isla McDonald, she was on the cut line, and like just watching her play under that much pressure and like she made a birdie on 16, clutch. It was hype.
