### Quick Quotes

**Q. Here with Hailey Kim. Hailey, still have one more hole left for today, but great playing so far. Do you want to talk about your mindset going into today?**

HAILEY KIM: I just tried to stay calm the entire day and not think about the scores or anything.

My shots and putting were really good for the last two days, yeah.

**Q. And then going into the weather delay, did you do anything during that weather delay or did you change your mindset after it was lifted?**

HAILEY KIM: I just relaxed. I mean, just like hung out with my friends. That's basically it honestly, yeah.

**Q. And then going into tomorrow, do you have any game plans or strategies or thoughts?**

HAILEY KIM: Honestly, I'm just going to do it like how I did today. Just play calm and don't think about the scores.
