TV Quick Quotes

Q. An incredible week. I know today wasn't exactly what you were looking for, but you have to take so much from this week.

JAY LENG JR: Yeah, right now it doesn't feel too great losing in the finals. But I'm sure I'll be okay in a few days.

Q. What did you learn about yourself and your game in these toughest conditions out here this week?

JAY LENG JR: I mean, it kind of just solidified what I've been doing all summer. It shows that I can compete with the best and compete with anyone, honestly. It gives me more confidence, even though I didn't play great today. It was pretty tough out there. But I'm excited for what's next.

Q. We can't wait to watch what's next for you in April next year at the Masters and the U.S. Open at Pebble Beach.

JAY LENG JR: Yeah, that's not bad for a consolation.
