## Si Woo Kim

### Quick Quotes

**Q. You're still very much in contention in this golf tournament to try and win it over the weekend. What's the mentality for you?**

SI WOO KIM: It's just trying not to make big numbers. I think that's the very importance for this week. Yeah, not trying to get too aggressive and just hanging in there, just trying to -- if I have some chance, get some birdie, and try not to make double, triple. That's it.

**Q. A lot of the buzz around going into today was that course conditions were going to be a lot tougher, especially hole locations. How did you feel about that?**

SI WOO KIM: It was really a tough course, one of the hardest golf courses I've ever played. Yeah, it was kind of a pretty good start yesterday. I was doing okay the whole day. But I started kind of bad today, so I was struggling all day.

Yeah, good thing I didn't start to make big numbers, so that helps, so just kind of kept it positive.
