### Quick Quotes

**Q. Tell me about the 18th hole, that putt. Did you feel like you'd have to make it? How did it feel once you saw it go in?**

LUKE POTTER: Yeah, we were both putting really well, so I figured I had to make it. All you've got to do is put a good stroke on it, and then it's out of your control, so I put a good roll on it and got the read right, so it went in. I was very happy about that.

**Q. What did you feel was the turning point in the match? It kind of went back and forth early but then you hung on down the stretch.**

LUKE POTTER: Yeah, I was making some clutch par putts towards the end of the front nine. I was hitting it really good the beginning of the back side. I kind of let a couple slip away on 14 and 15, but I kind of kept it together, made some good swings on 16 and 17. You know, he got a tough break on this first hole, but I kind of let him back in the match. It's something that should never happen.

**Q. You're going to be back on this hole in about an hour. How do you feel going into that semifinal?**

LUKE POTTER: I feel good. The more that match play goes on, the more about hitting fairways, hitting greens. He played a little bit safer, which is probably one of the reasons why he made it so far. It's fairways and greens, and I think I'll have the chance to kind of wear my opponent down.
