## Ernie Els

### Quick Quotes

ERNIE ELS: Really it was nice momentum on the front nine making birdies and going at it, and then I bogeyed 10 and 11 and that kind of set me back. But I'm having a good week over here.

**Q. Just the weather, this start and stop, does that change momentum in play for golfers?**

ERNIE ELS: Definitely, yeah, especially when you have to stay in position kind of a thing. We're not in our 20s anymore so you stand around for 30, 40 minutes, you feel a little bit different. That's really the case to me. I could never quite get my driver going.

But I'm just making excuses. I just didn't play good on the back. It's happened a lot to us, weather conditions, so we just have to deal with that.
