TV Quick Quotes

Q. Miguel, incredible, 62 years of age, 12th season on the PGA TOUR champions and still contending. How do you keep your flexibility and your sharpness in your game at this stage of your career?

MIGUEL ANGEL JIMÉNEZ: Well, at least, you know, I'm doing what I like to do in my life, and that is God give me the means to continue working every day, stretching, and enjoying myself.

You know, that's the only thing I know what to do. And then I know how to keep flexible, I need to keep my routines, and that's the way I still feel good.

Q. Incredible to think you finished runner-up here in 2016 when the U.S. Senior Open came to Scioto. How different is it now in 2026?

MIGUEL ANGEL JIMÉNEZ: Well, this is completely different, the golf course. It's completely different. I don't remember at all, not all the holes the way they were before.

I have to say that Scioto was a great golf course, more narrow fairways, more trees. The shape of the fairways was much different than what it is now.

But well, it's the same thing for everyone. It's a nice golf course, as well as it was a nice golf course before, and we keep enjoying.

Q. How many cigars on the golf course today?

MIGUEL ANGEL JIMÉNEZ: Two.
