Quick Quotes

Q. You finished in the red today. Tell us about your week.

DARREN CLARKE: I hit the ball really poorly the first two days and ground it out and then hit the ball really nicely the last two days. Today I gave myself chance after chance after chance and just couldn't make a putt. One of those days where I hit good putts and couldn't hole any. Made one or two mental mistakes on hole No. 8. I hit a really good tee shot, and then just pulled my 4-iron. Should have been hitting it further right. Ended up making a triple there out of the blue. Then after that I had chances all the way around the back nine and couldn't quite make anything.

All in all, played poorly the first two and great the last two.
