Quick Quotes

Q. Your first one, semifinalist. A lot of positives to take away I'm sure.

KATHERINE ZHU: Yes, definitely a lot of positives. Even though I lost, I'm leaving here with nothing but a big smile on my face and a lot of fond memories. Great experience and I can't wait for next year.

Q. Exempt the next two years.

KATHERINE ZHU: Two years?

Q. I'm sure that is a relief.

KATHERINE ZHU: Yes, that is.

Q. What kind of will golf look like for you over the next year?

KATHERINE ZHU: You know, this year was a lot about enjoying playing again. Took some time off after few years of college golf and just competitive golf, so I'm definitely more eager to get practicing again. I think this year, next year, next two years will look pretty similar. Definitely play in the offseason just casually for fun. I wouldn't just put the clubs away for months at a time anymore. This is an overall really positive experience that's really encouraging inspiring for myself to keep playing.
