Quick Quotes

Q. Anna Davis, first one of the Curtis Cup. How are you feeling?

ANNA DAVIS: Good. We played pretty solid today. Me and Kelly were partners in the morning and the afternoon. A lot of solid golf. Just kind of got off to a slow start versus the first team that we played in the morning.

Overall, a lot of solid golf, a lot of good scrambling this afternoon.

Q. You've played at this before. Kelly hasn't. Is there any kind of mentorship, older sister thing you're doing to her to kind of get her acclimated to this?

ANNA DAVIS: No, not really. She asks me a lot of questions about maybe like certain things from the last Curtis Cup, not really anything specific to golf or anything like that. She has a ton of experience too. She just graduated at Stanford, so she definitely knows what she's doing.

Q. How do you keep this going?

ANNA DAVIS: We've got a lot of good momentum right now. I think just kind of doing what we're doing, hitting a lot of fairways, a lot of greens.

I think just putting the pressure on them to make two putts for birdie on every hole really helps. So just trying to do that as much as we can. Just keep applying pressure, that's all we can do.
