### Quick Quotes

**Q. Avery, your first win; Farah, your second of the day. How do you guys feel?**

AVERY WEED: Awesome. Like Amelia said, it was a little bit gritty being down early, but we just stayed patient, and it really worked out for us.

FARAH O'KEEFE: I think second match of the day, I did everything I needed to do in between matches so I could show up for Avery.

In this morning's match, it was really good to be able to be alongside Jasmine. But in the afternoon and you're playing foursomes, it's a little bit of a different beast. The two of us, I would say after the front nine, we both started to click really well, and everything started to go where we needed it to go.

**Q. On the first round, on 18, the putt, you drained it and walked it in. Just talk about that.**

FARAH O'KEEFE: Really on the putt, I was thinking just good pace here because a par still wins the match. Then I noticed four feet out that it was online, so I decided to be a little cocky because why not?

**Q. Avery, here on 16, you had Farah set you up well. Were you nervous? Any nerves there?**

AVERY WEED: A little bit. It was a little bit of a tester putt, but rode it good. So...

**Q. How do you guys keep it going?**

AVERY WEED: We just keep doing what we're doing.

FARAH O'KEEFE: Our team chemistry is great. Everyone is in high spirits. We're just going to try to do the same thing tomorrow.
