

U.S. Adaptive Open

Monday, July 6, 2026

Rockville, Maryland, USA

Woodmont Country Club (South Course)

Cassie Sengul

Quick Quotes

Q. Cool, so can you just walk me through the round today?

CASSIE SENGUL: Just a lot of fun out there. Started off really good. Played even through nine, so really just was feeling the groove out there.

Had a few hiccups on the front nine. Kind of settled in on seven when I made birdie and birdied eight as well, so really started to find my groove again.

And just people I was playing with I know some of them very well, so it was just really fun out there today.

Q. How do you feel you kind of like executed based on what you wanted to do going into the round?

CASSIE SENGUL: Yeah, I played with a lot more confidence. I know that was my big thing, just being confident with what I have. So I really just try to throw it all out there and trust myself, and I could really see that on some of those holes. Really just giving myself the opportunities to score out there was the main difference I've seen in my game compared to previous years in this championship.

Q. Okay. And what does the next kind of 24 hours look like as you get ready for the next round?

CASSIE SENGUL: A little bit of reflecting, but just taking time to reflect. Again, just really trying to think of where I can score more and where I could execute more shots better.

And just taking it easy over the next 24 hours.
