Quick Quotes

Q. Here with Bailey Bish. 7-over par today. Bailey, just talk about how your round went today and what your mindset was.

BAILEY BISH: It was a rough start out there today, rough first few holes. I just tried to keep my head together and putt one shot at a time and not think too far ahead or in the past. Just really focus on the next one and do the best that I can with what I've got today.

Q. Yeah, the weather was obviously a little cooler today. Did the course change at all compared to the last couple days?

BAILEY BISH: I think the course was pretty similar to how it was yesterday. The greens were definitely a little slower than the first practice round but it was great out there. The greens were receptive. It was great overall.

Q. Yeah. This is the second year at Woodmont. Overall, how does it feel to see a lot of familiar faces and also about 12 new faces as well?

BAILEY BISH: It's incredible to see so many familiar faces and all the new faces as well. It really shows that adaptive golf is growing. To see all these women that are coming for the first time to this event is great and it shows that women adaptive golfers are really be recognized and competing at high levels now.

Q. Looking forward to tomorrow and the day after, you've played un a bunch of these championships already. What's your mindset going into the next couple days?

BAILEY BISH: One shot at a time. Just going to do the best that I can with what I have in front of me. That's all I think about.
