Quick Quotes

Q. All right, so we're going to obviously start off with what just happened. How did the weather conditions affect your round today?

YEALIMI NOH: It was really on and off. It was cold and then warm and then cold. It was really weird this morning. I didn't know there was a storm coming in. It was all gray. After blue skies yesterday it was a little weird. The wind picked up on my back nine. It was good.

Q. What's your mindset going into the weekend of a major?

YEALIMI NOH: Try to just do the same thing: Keep it simple. Just another round of golf.

Q. And then final question is just how do you feel about your overall performance today?

YEALIMI NOH: I think it was really good. I kept it together. I stayed really patient. Wasn't making any moves. My first birdie was on 17 so it took a while. Putting wasn't the best today, but stayed patient and finished with a solid round.
