Quick Quotes

Q. How did the weather change, differ your game from yesterday to today with the storms yesterday and being super sunny and kind of windy today?

YEALIMI NOH: I think it was pretty similar. For me yesterday was windy, a little like cloudy and overcast but similar wind.

Yeah, today was nice. It was a little breezy in the middle but nice to see the sun.

Q. You started off the day with a couple bogeys and ended on the back with three birdies. What was the driving factor in the change of play?

YEALIMI NOH: I think I just made one putt on 14 I believe, and after that just some putts went in finally. I was like, there is holes on the greens. I was not making anything. Tee shots were really all over the place.

But, yeah.

Q. What was working with your game today and what were you working on tonight before the final 18 tomorrow?

YEALIMI NOH: I feel like everything. I'm going to go hit some shots on the range and some putts. The greens got significantly faster today so just going to get the speed down and just get a few shots in before tomorrow.
