## Rio Takeda

### Flash Interview

THE MODERATOR: Rio Takeda, ultimately came up just short, but what are you going to take away from this week?

RIO TAKEDA: I was a contender for that last day of this major, so it was a very good experience for me. Of course that I wanted to win and I couldn't. So I'll come back next year and try hard again.

**Q. You have two starts and two top 10s. What about this major, the U.S. Women's Open, really fits your game?**

RIO TAKEDA: This is a major, of course, and it is a big tournament. So I always thought that I would like to do my best here.

**Q. How do you feel about the way your year has gone so far, just this season?**

RIO TAKEDA: There are many games left, and the majors are left too. So I'd like to utilize what I learned in this championship, and I would like to do great games.
